### Answer Key

|        |        |        |        |         |
|--------|--------|--------|--------|---------|
| 1. (1) | 2. (3) | 3. (3) | 4. (1) | 5. (4)  |
| 6. (4) | 7. (3) | 8. (1) | 9. (1) | 10. (3) |

### Answers and Solutions

**Q:1** The correct answer is **option 1** i.e. **NITI AAYOG**  
Union Minister Bhupender Yadav launched a NITI AAYOG report titled "A Green and Sustainable Growth Agenda for the Economy" in New Delhi. Ambassador of Brazil to India Kenneth Felix also participated in the launch event.

**Q:2** The correct answer is **option 3** i.e. **South Africa**  
The South African Department of Water and Sanitation released a Report titled "Blue Drop National Report 2023". The report stated that almost half of the drinking water was deemed microbiologically unsafe for consumption. The decline in drinking water quality has been experienced in South Africa since 2014.

**Q:3** The correct answer is **option 3** i.e. **20**  
A new report titled "Africa Regional Overview of Food Security and Nutrition 2023" was released by combined efforts of various UN agencies. The report stated that 20% of the African Population experienced undernourishment in 2022. The report was jointly released by FAO, AUC, ECA and WFP.

**Q:4** The correct answer is **option 1** i.e. **CEEW**  
The Council on Energy, Environment and Water (CEEW) released a report titled The Emissions Divide Report 2023. The report highlights the differences in Carbon emissions between Developing and Developed nations.

**Q:5** The correct answer is **option 4** i.e. **Only 1,2 and 3**  
The Health in India Report- 2020 highlighted about the health of religious communities in the country. Hence, statement 1 is correct.  
This report also showed that among all religious, the Zoroastrians were the most susceptible to ailments i.e. around 31.1%. So, statement 2 is also correct.  
statement 3 i.e. Women remained more susceptible to suffering than men is also correct.

The report stated that the relation between health and religion is not important is an incorrect statement.

**Q:6** The correct answer is **option 4** i.e. **Both 1 and 2**  
The Global Safety Report on Road Safety 2023 was released by The Department of Transportation (DOTR), the World Health Organisation and Road Safety partners together. The report was released in the Philippines. The report stated that Road traffic deaths fell slightly to 1.19 million per year.

**Q:7** The correct answer is **option 3** i.e. **Radon**  
The reports from the United States Environmental Protection Agency (US EPA) reveals that more than 21000 deaths per year happen due to lung cancer caused by Radon. It becomes the second leading cause of death in the United States. Radon is a radioactive gas formed when Uranium, Thorium or Radium break down in Rocks, Soil and Groundwater.

**Q:8** The correct answer is **Option 1** i.e. **CPI**.  
Climate Policy Initiative (CPI) new report Global Landscape of Climate Finance 2023 states Climate Finance Flows have doubled compared to previous years. It has reached an average annual flow of USD 1.3 Trillion in 2021 and 2022. Although it is only 1 percent of the Global GDP.

**Q:9** The correct answer is **option 1** i.e. **UNEP**  
The United Nations Environment Programme released the "State of Finance for Nature" report on the sidelines of COP28 of UNFCCC. The report states that countries invest USD 7 Trillion annually in subsidies and private investments which has a direct negative impact on Nature.

**Q:10** The correct answer is **Option 3** i.e. **DPIIT**.  
The Department for Promotion of Industry and Internal Trade (DPIIT) under the Ministry of Commerce and Industry launched a report "Logistics Cost in India: Assessment and Long Term Framework" in line with India's National Logistics Policy. The major aim of the policy is to reduce Logistics cost in India.
