Special Question - Logical Reasoning

English

**Q:1** Select the option that is related to the third image on the same basis as the second image is related to the first image:

1. A
2. B
3. C
4. D

**Q:2** Select the option that is related to the third image on the same basis as the second image is related to the first image:

1. A
2. B
3. C
4. D

**Q:3** Select the correct image that will appear in place of a question mark.

- 1.

**Q:4** Select the option that is related to the third image on the same basis as the second image is related to the first image:

Question Figure:

Answer Figure:

1. C
2. D
3. A
4. B

**Q:5** Select the option that is related to the third image on the same basis as the second image is related to the first image:

Question Figure:

Answer Figure:

Special Question - Logical Reasoning

English

**Answer Key**

1. (3) 2. (1) 3. (3) 4. (4) 5. (3)

**Answers and Solutions**

**Q:1** The correct answer is **Option 3** i.e. **C**

The pattern which follows here is:

The figure with one less side will be placed in the next figure.

Hence, in the fourth figure square will come.

Hence, **Option 3** is the correct answer.

**Q:2** The correct answer is **Option 1** i.e. **A**

The pattern which follows here is:

The outer figure of the first figure will be removed in the second figure.

The lines inside the outer figure will be present in the second figure.

Hence, the correct answer is **A**.

**Q:3** The correct answer is **Option 3**.

The second figure is the water image of the first figure which means, the first figure is vertically inverted to get the second image.

Similarly, the fourth figure will be the water image of the third figure.

Hence, the correct answer is **Option 3**.

**Q:4** The correct answer is **Option 4** i.e. **B**

In the second figure, upper and lower arrow is in opposite direction of first figure and middle arrows are shifted to right in the same direction.

Similarly, the fourth figure will be figure B.

Hence, the correct answer is **B**.

**Q:5** The correct answer is **Option 3** i.e. **C**

From Figure 1 to Figure 2, triangles have changed to squares and squares to triangles. Similarly, in Figure 3 to Figure 4 the circles will turn into pentagons and the pentagons will turn into circles. Hence, the correct answer is **C**.
