Special Question - Logical Reasoning

English

Direction 1 - 5 : In the following question three statements are followed by two conclusions numbered I and II. You have to take the given statements to be true even if they seem to be at variance from commonly known facts. Read all the statements and decide which of the given conclusion/conclusions logically follows from the given statements.

Q:1 Statements:

Few Door are Pony.
Only a few Rado is Image.
Only a few Pony is Image.

Conclusions:

- I. Some Pony is not Door.
- II. All Rado being Image is a possibility.
- 1. Only conclusion I follows
- 2. Only conclusion II follows
- 3. Both conclusions I and II follow
- 4. Neither conclusion I nor II follows
- 5. Either conclusion I or II follows

Q:2 Statements:

Only a few Robe is Kobe.
No Dope is Tomb.
Some Tomb is Robe.

Conclusions:

- I. All Robe being Dope is a possibility
- II. All Robe being Kobe is a possibility
- 1. Only conclusion I follows
- 2. Only conclusion II follows
- 3. Both conclusions I and II follow
- 4. Neither conclusion I nor II follows
- 5. Either conclusion I or II follows

Q:3 Statements:

Some Signature are Blue.
No Blue are Hunger.
Only a few Hunger is Purpose

Conclusions:

- I. Some Purpose are not Hunger.
- II. Some Signature are not Hunger.
- 1. Only conclusion I follows
- 2. Only conclusion II follows
- 3. Both conclusions I and II follow
- 4. Neither conclusion I nor II follows
- 5. Either conclusion I or II follows

Q:4 Statements:

Only a few Nuts are Rages
Few Rages are Breads
No Bread is Manner

Conclusions:

- I. Few Nuts are Breads
- II. All Rage can be Manner
- 1. Both conclusions I and II follow
- 2. Only conclusion II follows
- 3. Only conclusion I follows
- 4. Either conclusion I or II follows
- 5. Neither conclusion I nor II follows

Q:5 Statements:

Some Flower is Disgust.
Every Manager is Tounge.
Some Disgust are Manager.

Conclusions:

- I. Some Flower is Tounge.
- II. No Manager is Flower.
- III. Some Flower is not Tounge
- 1. Only conclusion I follows
- 2. Only conclusion II follows
- 3. Only conclusion III follows
- 4. Either conclusion I or II follows
- 5. Either conclusion I or III follows

Special Question - Logical Reasoning

English

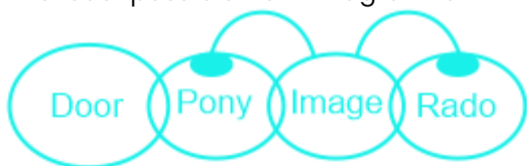

Answer Key

1. (4) 2. (4) 3. (2) 4. (5) 5. (5)

Answers and Solutions

Q:1 The correct answer is **Option 4** i.e. **Neither conclusion I nor II follows**

The least possible Venn Diagram is:

Conclusions:

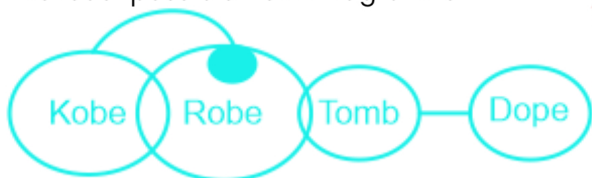

I. Some Pony is not Door: **False** (This is a possibility but not definite)

II. All Rado being Image is a possibility: **False** (Only a few Rado is Image, which means that Some Rado are image and Some Rado are not image)

Hence, the correct answer is **Neither conclusion I nor II follows**.

Q:2 The correct answer is **Option 4** i.e. **Neither conclusion I nor II follows**

The least possible Venn Diagram is:

Conclusions:

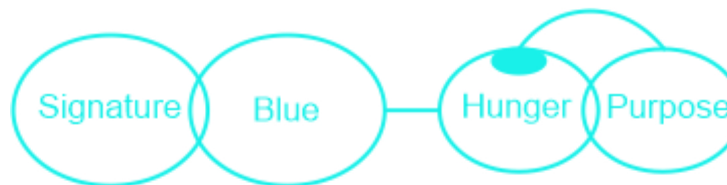

I. All Robe being Dope is a possibility: **False** (As Some Tomb is Robe and No Dope is Tomb, Robes that are a part of Tomb can never be a part of Dope)

II. All Robe being Kobe is a possibility: **False** (Only a few Robe is Kobe, which means that Some Robe are Kobe and Some Robe are not Kobe.)

Hence, the correct answer is **Neither conclusion I nor II follows**.

Q:3 The correct answer is **Option 2** i.e. **Only conclusion II follows**

The least possible Venn Diagram is:

Conclusions:

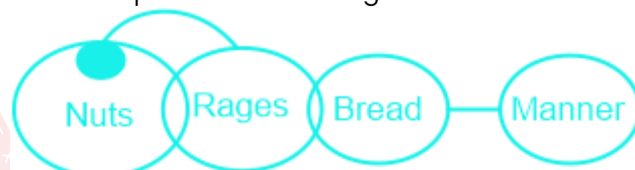

I. Some Purpose are not Hunger: **False** (As Only a few Hunger is Purpose, definite negative relationship of Purpose with Hunger is incorrect.)

II. Some Signature are not Hunger: **True** (Signatures that are a part of Blue are not Hunger)

Hence, the correct answer is **Only conclusion II follows**.

Q:4 The correct answer is **Option 5** i.e. **Neither conclusion I nor II follows**

The least possible Venn Diagram is:

Conclusions:

I. Few Nuts are Breads: **False** (This is a possibility but not definite, as no direct relationship between the two is given)

II. All Rage can be Manner: **False** (As Few Rages are Breads and No Bread is Manner Rages that are a part of Bread can never be Manner.)

Hence, the correct answer is **Neither conclusion I nor II follows**.

Q:5 The correct answer is **Option 5** i.e. **Either conclusion I or III follows**

The least possible Venn Diagram is:

Conclusions:

I. Some Flower is Tounge: **False** (This is a possibility but not definite, as no direct relationship between the two is given)

II. No Manager is Flower: **False** (This is a possibility but not definite, as no direct relationship between

English

the two is given)

III. Some Flower is not Tounge: **False** (This is a possibility but not definite, as no direct relationship between the two is given)

Conclusions I and III form a complementary pair.

Hence, the correct answer is **Either conclusion I or III follows.**
